### Excursion Transportation: Consent for Senior Student Drivers

The Algonquin and Lakeshore Catholic District School Board recognizes the need to ensure safety standards for all Out-of-School Learning programs and excursions, especially those which require transportation. When students drive private vehicles to transport themselves or other students, the student driver's own automobile insurance is, by Statue of Ontario, the primary insurance. The Algonquin and Lakeshore Catholic District School Board takes no responsibility for verifying that a student driver is properly licensed or insured.

Most insurance companies have an automatic rider which covers a motorist while carrying students for educational reasons not on a regular basis. The Algonquin and Lakeshore Catholic District School Board requires that a driver carry Third Party Vehicle Liability Insurance of at least \$1,000,000. To assure themselves, student drivers should check their policy with their insurance agent. Passengers may wish to check with private drivers that insurance has been verified.
